

I am lodging a complaint against the Sinclair Broadcast Company's intention to show a partisan film during the presidential election. If the FCC allows this to happen it is criminal. The American public own the airwaves and allow companies the right to use them if they use them fairly. The fact that they are insisting that their stations pre-empt prime time shows for this film is wrong. This is not fair. They should be forced to stop this film from being shown during the election. Let them show it Nov. 3, 2004. PLEASE DO YOUR JOB AND KEEP THE AIRWAVES BI-PARTISAN AND FAIR.
